

# RELIABLE WASHROOM HYGIENE SOLUTIONS

WHITE | 25L

# Auto Hygiene Unit

## HYGIENIC & HANDS FREE DESIGNED FOR MODERN WASHROOMS

Deliver a higher standard of hygiene with the Fresh & Clean White 25L Automatic Hygiene Unit. It delivers hands-free convenience and enhanced hygiene for busy commercial washrooms. With automatic operation and a generous 25-litre capacity, it's ideal for

offices, shopping malls, hotels, and healthcare facilities across Singapore.

Its sleek white design complements modern interiors, while durable construction ensures easy servicing and reliable performance, day after day.

## PRODUCT HIGHLIGHTS

WHITE | 25L

# Pedal Hygiene Unit

## SIMPLE, PEDAL-OPERATED DESIGN

Provides a practical, hygienic solution for sanitary waste disposal using a foot-operated pedal to minimise hand contact. The generous 25-litre capacity helps reduce servicing frequency, supporting shared washrooms with regular use. With a clean white finish and simple manual operation, it offers a dependable, low-maintenance option.

In-Cubicle Servicing\*  
(Page 5)

## PRODUCT HIGHLIGHTS

- Pedal-operated lid
- Large 25L capacity
- Durable, easy clean finish
- Quiet, controlled lid movement

# \*The In-Cubicle Servicing Process

Fresh & Clean's In-Cubicle Servicing (ICS) process provides a quick, hygienic, and discreet way to service your hygiene units. Rather than removing units and transporting them through your premises, all cleaning and servicing

is carried out directly within the cubicle. This approach helps minimise disruption, maintain cleanliness, and deliver a more discreet service experience for your facility and its users.

WHITE | MINI

# Sensor Roll Towel Service

## COMPACT, TOUCH-FREE HYGIENE

Delivers touch-free towel dispensing in a compact, space-saving design, ideal for smaller or high-use commercial washrooms. Intelligent sensor technology supports improved hygiene while helping control paper usage and

reduce waste. The clean white finish complements modern interiors across Singapore, offering reliable performance with a discreet, professional appearance.

## PRODUCT HIGHLIGHTS

Touch-Free Sensor Dispensing

Compact Mini Design

## WHITE | WALL MOUNTED Air Freshener Service

Keep washrooms consistently fresh with programmable, automated fragrance delivery, eliminating the peaks and gaps of manual spraying. Digital LCD controls support efficient scent management, helping reduce waste, complaints, and unnecessary checks. Ideal for busy commercial environments where freshness needs to be reliable, not reactive.

WHITE | WALL MOUNTED

# Toilet Seat Sanitising Service

## SIMPLE SEAT HYGIENE

Provides a simple, visible solution for toilet hygiene in shared washrooms. Users can apply sanitiser to toilet paper and wipe the seat before use, helping reduce hygiene concerns and improve confidence.

Well suited to high-traffic environments, it supports better user perception and reinforces a clearly maintained washroom standard, without adding complexity to daily cleaning routines.

## PRODUCT HIGHLIGHTS

Wall mounted dispenser delivers sanitiser onto toilet paper for wiping seats, supporting user controlled hygiene, reducing waste, and keeping washroom spaces tidy.

WHITE | WALL MOUNTED

# Hand Soap & Sanitiser Service

Supports effective hand hygiene at the point of use, dispensing either hand soap or hand sanitiser to suit different environments. Wall-mounted placement keeps areas

organised and accessible, making it suitable for washrooms as well as entrances, shared spaces, kitchens, and other high-touch points.

## PRODUCT HIGHLIGHTS

- Wide, easy push button
- Dual-use dispensing
- Durable, easy clean housing
- Wall mounted design

WHITE | WALL MOUNTED

## Jumbo Toilet Paper Service

Compact wall-mounted dispenser holding one jumbo toilet roll, combining extended use with a clean, space-efficient design that helps reduce changeovers and maintain a tidy washroom layout.
